NORTON HIGH-PERFORMANCE MASKING TAPES

Norton Professional High Heat Tape

Designed for maximum performance and clean release on multiple surfaces. These high quality masking tapes are ideal for conditions that include exposure to the high heat curing temperatures found in automobile, truck, bus and other transportation assembly operations, as well as aerospace manufacturing applications where a conformable, clean release masking tape is required. Available in bulk, accordion-wrapped for protection and work site stocking.

Norton Blue Core Tape

Our premium paint masking tape has a specially formulated adhesive system that provides optimum low to medium tack adhesion and clean removal from a variety of surfaces, for up to 14 days. Norton Blue Core masking tape can be used indoors or out. The crepe paper backing is designed to enable easy unrolling and to minimize slivering. It delivers very sharp, clean edges on smooth- to moderately-textured surfaces.

Norton Contractor Grade Tape

A general-purpose masking tape that offers both economy and versatility for a variety of materials and applications. Norton Contractor Grade masking tape provides a clean release up to 3 days. Use for general paint masking, hanging protective plastic, holding drop cloths in place and other general-purpose masking, bundling, and sealing where the tape will be removed when the job is complete. Not intended for critical paint applications. Limit exposure to UV light for extended periods. Extended exposure to UV light could result in difficult removal from the surface
